

PHYSICAL MAILING ADDRESSES **IN CERTIFICATES OF SERVICE**

The Second District Court of Appeal delivers its orders and decisions by U.S. mail at this time and therefore requires physical mailing addresses for all interested parties. The physical mailing address should be provided in the certificates of service for every submission to this court. See Fla. R. App. P. 9.420(d) (referring to the requirements of Florida Rule of Judicial Administration 2.516(f) for certificates of service by attorneys); Fla. R. Jud. Admin. 2.516(f) (requiring both the addresses used for service and the mailing addresses in certificates of service).

So that the court may promptly serve all interested parties and avoid delay in processing its cases, provide the physical mailing addresses for all those served with filings in this court.
